

Mogen Naidoo

ENTREPRENEUR | PROFESSIONAL & MOTIVATIONAL SPEAKER | COACH | MENTOR

Mogen Naidoo is Founder and Managing Director of IT Services company Qina Group (Pty) Ltd and Telecommunications company 316 Network Holdings (Pty) Ltd. He also holds a position of Board of Directors at African Advisory firm QUT Consulting and Cryptocurrency Exchange, African Coin Exchange. With a keen interest in business, technology and having developed a specialised skill set in Advisory, Analytics, Consulting, Research and Audit & Risk has equipped him with the necessary experience to help companies achieve three fundamental business objectives (underpinned by digital): Grow their business, Optimize their operations and/or Protect their assets (complying with regulation and best practices).

Mogen is a recognized conference, professional and motivational speaker to educators, non-profits, business and corporations. Much of his speaking engagements involves how business and industries operate today. These topics are on the forefront of discussion when engaging with C-level Executives who want to understand the value of technology and business trends and what benefit it is able to bring to the table around business opportunity and business agility.

Mogen's motivational talks are based on that our overall wellness is maintained by having an effective balance in life and how each component of spiritual, emotional, mental, physical and financial wellbeing influence each other and are integrated. His talks are based mostly from living through conviction and sharing his experiences from it. His philanthropic work within the community has led him to be recognised as a 2019 Men of the Year Finalist for Entrepreneurship and Leadership.

Mogen holds a Master's degree in Information Systems from the University of Cape Town and is currently completing his MBA at the Gordon Institute of Business (GIBS).
